

International Federation of Purchasing and Supply Management

# 18th IFPSM Summer School on Advanced Purchasing & Supply Research

July 4-9, 2013, Salzburg, Austria

The IFPSM Summer School is organized with the aim to provide an opportunity of an intensive working together of talented young scholars from all around the world with some of the leading professors of the field. So far we have had **259 students from about 30 countries** of Europe, North America, Asia and Africa.

All the seventeen schools were organised in Salzburg, which has proved to be an ideal location for the event.

## Objective

The Summer School is intended:

- to help participants in defining relevant research topics and powerful methods;
- to provide a forum for talented young scholars from various regions of the world for exchanging ideas and establishing a research network;
- to promote the profession of purchasing and supply management by contributing to the creation of high standard dissertation of the participants.

## Participation

Participants may come from any country of the world provided that they meet the following requirements. They must be

- enrolled PhD, postgraduate (or advanced graduate) students of an accredited institute of higher education;
- in the phase of writing a dissertation based on original research on purchasing or a closely related area (materials management, logistics, supply chain management, etc.);
- fluent in English and willing to take an active part in discussions in that language;
- able to present a letter of recommendation from one regular faculty member of the institution they are enrolled in.

A strong preference will be given to those students who can present a paper for discussion at the summer school. The paper must be mailed to the School Secretariat (see address below) not later than **June 3, 2013**. Keeping the deadline is absolutely essential, since each paper will be sent to a discussant, who will open the discussion after the presentation of the paper in Salzburg.

Applications should be sent to the IFPSM Summer School

Secretariat and copied to the national member associations of IFPSM in the country where the applicant is enrolled in school. (See the list of the IFPSM member associations on the back cover.)

Applications from those countries where such an association does not exist can be sent to the School Secretariat only. The deadline for registration is **May 1, 2013**.

Applications will be processed in the order of arrival and the first 20 applications meeting the above requirements and considering the said preference will be accepted.

## Professional program

The professional program starting on **July 5, 2013** will consist of four elements:

1. Presentation and discussion of research subjects delivered by invited speakers. These sessions will be directed by internationally acknowledged scholars, who will present a topic from their own research field and discuss with the students possible approaches and methods to handle the subject. Invitations are in progress and a full list of speakers will be released in April.

For your information, last year we had the following speakers:

**Alessandro Ancarani** (University of Catania, I)  
**Giovanni Atti** (ADACI, I)  
**Attila Chikán** (Corvinus University of Budapest, H)  
**Pietro Evangelista** (University of Naples Federico II, I)  
**Michalis Giannakis** (Warwick Business School, UK)  
**Michiel R. Leenders** (The University of Western Ontario, Canada)  
**Katrina Lintukangas** (Lappeenranta University, FIN)  
**John Ramsay** (Staffordshire University, UK)

2. Presentation and discussion of research papers prepared by the school participants. Papers submitted will be distributed among participants and the discussions will be led by invited professors. The discussion of each student paper will be opened by two invited discussants (one professor and one student). The main idea is that the students discuss the papers among each other.
3. Practitioners' presentations of hot issues in purchasing and related management areas. These presentations shall be of orienting type and will be given by invited speakers.

4. There will be methodological discussions and group exercises in order to help the participants' research and teaching skills.
5. We organize a roundtable discussion on a hot topic in purchasing and supply management practice. The subject of the discussion will be suggested by the Research Committee of IFPSM and one of the Committee's members will serve as moderator.

## Participation fee

The IFPSM is the main sponsor of the project, but contribution is expected from other organizations as well. This assistance makes it possible that the participants have to pay a relatively low, all-inclusive participation fee:

**EUR 690 (+VAT\*).**

*\*According to the European VAT directive, if the participant is a taxable person, it accounts for any VAT arising. Otherwise Hungarian VAT will be added.*

The fee includes accommodation (in single rooms with shower), three meals a day (starting with a dinner on Thursday, July 4, ending with lunch on Tuesday, July 9), refreshments and all materials. Travel, extra nights and extra costs for a double room must be arranged and paid for individually.

This fee should be paid to the bank account of HALPIM free of bank charges before **June 1, 2013**.
